

Cleaning Outdoor Cushions

Task	Frequency	Method / Tip
Shake/vacuum cushions	Weekly	Remove surface debris and dust
Deep clean	Twice per year	Mild soap + water, rinse, air dry
Spot clean stains	As needed	Use appropriate DIY solutions for mildew, grass, oil, sap
Apply fabric protector	2x per season	Spray on clean, dry cushions
Store/cover cushions	When not in use	Use breathable, water-resistant covers or indoor storage
Dry thoroughly	After rain/cleaning	Prevent mold and mildew
